Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work on Harrison Road south of Shirland will begin on Monday, October 31, 2016. Martin & Co. Excavating will be starting the \$177,590 contract to resurface the 1.1 mile section of Harrison Road from IL 75 to Winslow/Shirland Road.

Because the roadway is very narrow, traffic will be temporarily detoured to Meridian Road during working hours for the three days when the contractor is paving the roadway. The roadway is too narrow for vehicles to safely pass the resurfacing equipment. The Contractor will use flaggers to direct motorists past construction operations when doing work that does not block the roadway.

The improvements to Harrison Road are expected to be completed in less than two weeks.

Please slow down and use extreme caution while driving through all work zones.
